Note: This document is not a contract or an offer of contract, but is a formal request for quotation of required Supply/Services. Bidders must read, sign/stamp each page of this document for compliance with the terms and conditions given below.

1. Background:

LASOONA – Relief and Development Organization, in collaboration with the Initiative for Development & Empowerment Axis (IDEA) and with financial support from the START Network, is implementing the project “**Emergency Response to the Monsoon Floods in District Swat 2025**.” This project aims to provide immediate relief and early recovery support to communities severely affected by the recent monsoon floods in Tehsils Babuzi, Matta, Khwazakhela, and Bahrain of District Swat. Many families have lost their homes, livelihoods, and access to clean water and food due to the floods.

To address these urgent needs, the project includes the distribution of essential relief items such as food packages, livestock feed (VANDA), Hygiene & MHM/Dignity Kits, Water Filtration Plants, Family Tents, Emergency Response Team Kits (ERT) For 1122, And ERT Kits For Community.

2. INTRODUCTION:

LASOONA-RELIEF AND DEVELOPMENT ORGANIZATION is a multi-disciplinary, development oriented and non-profit making organization. LASOONA affirms to be committed to well-being of masses through promoting ecologically sound development in remote and impoverished pockets of Pakistan in general and Khyber Pukhtoonkhwa (KP) in particular.

INITIATIVE FOR DEVELOPMENT & EMPOWERMENT AXIS (IDEA) is a non-profit organization registered under the Voluntary Social Welfare Agencies (Registration & Control) Ordinance 1961; in 2003, having registration # 2172.

START NETWORK is a global network of humanitarian organizations dedicated to transforming humanitarian action through preparedness, early action, and localization. Start network founded in 2010. It provided a platform bringing together over 80 nationals and international NGOs across the globe.

LASOONA – Relief and Development Organization is inviting quotations for the supply of food items, livestock feed (VANDA), HMM kits, water filtration plants, hygiene kits, tents, and Emergency Response Team (ERT) kits under the project titled “Emergency Response to the Monsoon Floods in District Swat 2025.” LASOONA will lead the entire procurement process, including the evaluation and selection of suppliers, in close collaboration with IDEA. Following the selection, LASOONA and IDEA will jointly sign a formal agreement with the successful supplier, which will outline the total required quantities for both organizations. Based on this agreement, LASOONA and IDEA will issue separate purchase orders to the selected supplier according to their respective needs. However, all orders will follow the same unit prices, terms, and conditions as stipulated in the main contract.

LASOONA invites signed and scanned quotations through www.ngostenders.com from suppliers, companies, firms, or dealers actively engaged in the business of the required items.

Scope of work

S. No.	Description	Unit	QTY for LASOONA	QTY for IDEA	Total QTY
Lot-1	Food Packages	Package	250	250	500
Lot-2	Livestock feed (VANDA)	Bags	500	500	1000
Lot-3	Hygiene & MHM/Dignity kits	Kits	125	125	250
Lot-4	Water Filtration Plant	Number	05	05	10
Lot-5	Family Tents	Number	50	50	100
Lot-6	ERT Kits for Rescue 1122	Kits	05	04	09
Lot-07	ERT for Community	Kits	08	07	15

For more detail and items specification please refer to the Quotation form attached at the end of the document.

3. Packing/packaging & Branding Marking

Each kit/package must be properly packed in a suitable carton, toolbox, bag, or any other environmentally friendly material. Quoted prices must include the cost of printing LASOONA, IDEA, and donor logos, along with the project name, description, and safety instructions. These details should be printed or displayed in multiple colors on each pack, kit, or carton. The exact printing content and design will be finalized in consultation with the selected supplier and outlined in the agreement.

4. Expiry:

Food and other items where applicable, the supplier shall ensure a minimum remaining shelf life of [6] months from the date of delivery, unless otherwise agreed in writing. Any food items found to be expired or with less than [6] months' shelf life at the time of delivery will be rejected

5. Delivery Duty Paid (DDP)

"Delivery Duty Paid" means that the seller delivers the goods to the buyer, cleared them for import, and is not unloaded from any arriving means of transport at the named place of destination. The seller has to bear all the costs and risks involved in bringing the goods there including any "duty" (Which term includes the responsibility for and the risks of the carrying out of customs formalities and the payment of formalities, customs duties, taxes, and other charges).

6. Documents Required

Bidders must attach the signed and scanned documents on NGO Tender Portal. Bids can be rejected based on deficiencies in the documents.

- 6.1 A valid copy of Registration/License from the Chamber of Commerce
- 6.2 Fresh bank Statement of firm covering the last 02 months transactions
- 6.3 Ownership proof or Power of attorney for the person other than the real owner of the company
- 6.4 Proof of Similar supply or services to NGOs/INGOs/Govt. Department in the past. (LASOONA has the right to verify the previous supplier contracts or purchase orders)
- 6.5 Active and Valid Taxpayer, NTN number, and/or Valid Tax Exemption Certificate from FBR.
- 6.6 Quotation on prescribed format including all applicable taxes in PKR. All page of Quotation and Terms & Conditions must be signed and stamped by Vendors prior scanning.
- 6.7 Affidavit on the stamp paper (Original copy attested by a notary public) that company/firm has not been blacklisted by any Government or semi-Government departments or NGO/INGO.
- 6.8 The supplier will sign and submit all the attached annexures.
- 6.9 Lot-wise list of available stock.

7. Shortlisting and Bids Evaluation

Bids will be evaluated based on the technical and financial proposal with assigned percentages to each component as follows:

Technical Component	=	30Marks (30% weightage)
Financial Component	=	70Marks (70% weightage)

Technical Component:

Similar services in the past	30Marks (Pls attach proof of relevant experience)
------------------------------	---

Financial Component:

The maximum number of points will be allotted to the lowest rate offered by the bidder. All other price proposals will receive points in inverse proportion to the lowest price; e.g., $\text{Lowest quoted price} / \text{Quoted price} \times 100 = \text{total marks obtained}$ 70% of weightage.

Please note, the lowest quotation is not the sole criterion for the selection of bid, LASOONA will thoroughly check the organization's strength, quality of the sample, agreement with organizational policies and procedures, and terms and conditions of the tender. Quotation can be rejected on the basis of Low-quality sample.

8. Selection Criteria

Selection will be based on the following criteria:

- 8.1 Registered Relevant business
- 8.2 Relevant Experience with supplies
- 8.3 Agree with all terms and conditions of the Organization
- 8.4 Reasonable quoted rates within the approved budget
- 8.5 Quality of sample/satisfactory presentation

9. Sample Presentation

The shortlisted suppliers will be asked to dispatch/submit samples for the selected lot(s) items mentioned in the quotation form. Those who could not present their samples for whatever reasons on the preannounced date shall be excluded from further process. Samples will be evaluated in light of required specification mentioned in the tender Pack or tender form. The final selection will be done on the basis of sample quality specified in the tender documents.

10. Validity of the offer:

Quotations must be valid for at least thirty-days period. The validity period can be extended on the mutual consent of both parties.

11. Security Deposit:

All interested vendors will have to submit a call deposit @ 2.5 percent of the total quoted rate of the respective lot/lots in the name of LASOONA. Call deposits must be made/withdrawn against the supplier business account only. In case the bidder failed to provide the CDR within stipulated time, will be excluded from further process. Call deposits of selected suppliers will be released upon request from the contractor and approved by competent authorities on the expiry of the contract and/or successful completion of supply/services.

12. Taxes:

Quotations must be inclusive of all applicable taxes present and imposed during the contract implementation. The firm claims to be tax exempt must provide an authentic tax exemption certificate from FBR. Taxes should be included in quoted prices and need not mention separately. Quotations mentioning taxes separately will not be considered.

13. Final documents

The following documents shall be provided with each payment.

- 1. Copy of purchase Order issued by LASOONA and IDEA
- 2. Invoices/Claims Form Issued by Vendors on the name of LASOONA and IDEA
- 3. GRN issued by LASOONA and IDEA

14. Payment modalities:

Payment will be made in one installment upon 100% completion of the supply as per the Purchase Order. It will be processed via crossed cheque or online transfer within one week of submission of complete claim documents to LASOONA/IDEA. Each organization will release payment according to issued PO and quantities received as per GRN. All applicable taxes will be deducted in accordance with government regulations.

15. Penalties

- 15.1 If, in any case, the selected bidder is not willing to sign the contract for whatever reasons, the company will be penalized by forfeiting the 50% amount of the call deposit money.
- 15.2 In case after signing the contract, the supplier is not willing to start supplying on the quoted prices and all terms and conditions of tender documents, the supplier contract will be terminated and 100% of the call deposit will be forfeited.
- 15.3 If the Supplier provided low-quality items/goods, the supplier will be bound to replace the items at his own cost within a week otherwise his contract will be canceled, and 100% of

the call deposit will be forfeited.

- 15.4 In the event of delay in the completion of work caused other than by force majeure, the client (LASOONA) is entitled to make use of a penalty of 5/1000 (Five per thousand) per day of the total value of the agreed amount based on Purchase Order issued from the office of the competent authority. The penalty will be deducted from either the call deposit or invoice.

16. Other Conditions

- 16.1 Bids shall be made in writing calculated in PKR only and clearly stated in the appropriate format.
- 16.2 The award of the contract will be made within 3 days subject to approval from donor.
- 16.3 No allowance for the preparation of tender documents is permissible and no TA/DA will be paid for, Office Visits, site visit or any other visit in this regard.
- 16.4 Bidders can apply for all lots and a lot of their choice having relevant experience. While rates must be quoted for all items within selected lot(s). In-case of bidding for a selected lot/lots, the bidders are required to submit CDR for each lot separately.
- 16.5 Quantities are subject to alteration. LASOONA/IDEA reserves the right to award the contract of all lots to one bidder or divide them among different bidders.
- 16.6 Part of the tender or tender as a whole can be canceled without assigning any reasons.
- 16.7 LASOONA/IDEA reserves the right to regret/reject any offer without transmitting any reason.
- 16.8 Bidders must quote price as per attach format.
- 16.9 Only short-listed bidders will be contacted for the final interview meeting
- 16.10 All Scanned documents submitted for tender processing shall be retained by LASOONA/IDEA for future record and the tenderer have no right to have their tenders returned to them. LASOONA/IDEA can ask vendors to submit original documents for verification.
- 16.11 LASOONA/IDEA are not liable for any damage to the applicant's person or property during processing the tender if something should occur.
- 16.12 All required documents must be scanned and attached with financial bid, or the application will be disqualified.
- 16.13 Hard documents are not acceptable.
- 16.14 The Procurement Committee will check the tenders to ensure that they contain no amendment to the terms or any other (calculation) errors, in case there is any calculation mistake, the unit price will be considered as a base for the correction, to assist in the examination, evaluation, and comparison of bids, the Tender Committee may, at its discretion, request clarification from the LASOONA/IDEA staff or Bidders.
- 16.15 Suppliers who do not receive written feedback within 15 working days after the expiry of the Invitation for Tender (IFT) deadline shall consider themselves unsuccessful.
- 16.16 LASOONA/IDEA will verify/check/inspect all the items before and after the delivery (Pre and Post Shipment).
- 16.17 By submitting a tender, the tenderer fully and unconditionally agrees to all terms of the tender, giving up any of their own sales conditions. They must carefully read and follow all instructions, forms, contract provisions, and technical requirements included in the tender documents.
- 16.18 Collusion between the firms is strictly prohibited. Any firm/group of firms found involved in creating a cartel or any other collusion arrangement against the interest of the project, will be blacklisted and debarred.
- 16.19 The Supplier must quote only one option for each item. Bids received with more than one options and rates will be rejected.
- 16.20 LASOONA/IDEA guarantees that all procurement activities are fully and transparently documented for internal or donor audit purposes. LASOONA guarantees confidentiality of the procurement process.

QUOTATION FORM

Note: Selection of brand will be done subject to the requirement, donor policy, availability, timely supply and allocation of budget. Your quotation must be inclusive of Taxes, Packing, Packaging,

Transportation, Handling, loading/unloading and installation at the destination, warranty, and after-sale service. Number of items/quantities within a package or package as a whole (in numbers) can be increased/decreased.

1	Family Tent Size- 4 x 4 meter Single Fly Double Fold 100% Cotton Canvas water proof, rotproof, Natural grey color, Centre Pole with Steel pole and side walls with iron sticks, Complete with pegs, ples,rope and accessories	Tent	1		
Total Cost Per Tent					

6. LOT-06 (ERT Kits) for Rescue 1122

S. No.	Description	Unit	Qty	Unit Price	Total Price
1	High Pressure Washer Gun • Pressure: 1000–5000+ PSI • Flow Rate: 1.5–5 GPM • Material: Aluminum/Stainless Steel + Tungsten Carbide Nozzle • Connection: 1/4" or 3/8" Quick-Connect (M22/M24) • Nozzles: 0° (jet), 15°–40° (fan), or adjustable • Safety: Trigger lock, ergonomic grip • Extras: Detergent mode, turbo nozzle option Hyundai (220w 165 bar)	No.	09		
2	Rescue Rope throw Gun • Range: 70–150 meters (varies by model & line weight) • Projectile: Compact, aerodynamic (often weighted) • Line Type: Floating or high-visibility rescue rope (3–6mm diameter) • Launch System: CO₂ Cartridge (single-use, 8–12g) Pneumatic (compressed air) Manual (elastic/spring-powered) • Weight: 1–3 kg (including line) • Safety: Auto-lock trigger, recoil reduction • Reloadable: Yes (most models) Applications: Marine, mountain, flood rescue	No.	04		
3	Portable Toilets Cabin • Capacity: 20–60 uses per waste tank (50–120L) • Dimensions: ~1100x1200x2300mm (LxWxH) • Weight: 60–150 kg (empty) • Material: UV-resistant HDPE or fiberglass Features: ○ Ventilation (passive or fan-assisted) ○ Lockable door		02		

	○ Toilet seat + waste tank with level indicator ○ Optional sink & mirror ● Mobility: Handles for transport, some with trailer hitch ● Compliance: ANSI, EN, or local sanitation standards Portable Toilets Cabin with complete accessories water tank 200 liter				
4	Portable Generators Honda (5 KVA) Power Output: 1kVA – 10kVA (1000W – 10,000W) Engine Type: Fuel: Petrol/Diesel/LPG (Runtime: 6–12h at 50% load) Inverter: Quiet, stable power (for electronics) Voltage: 120V/240V (single/dual phase options) Portability: Weight: 20–100kg Wheels & handles (for larger models) Outlets: AC sockets (2–4) USB/12V DC ports Optional RV/TT-30 plug <i>(Ideal for camping, emergencies & job sites.)</i>		02		
5	Training Mannequin for CPR (Infants, Child & Adult) 1. Multi-Age Training System Infant model (0-12 months) with umbilical cord pulse simulation Child model (1-8 years) with realistic chest anatomy Adult model (8+ years) with anatomical landmarks		03		
6	Chainsaw Heavy Duty 2 Stroke (Wood) Engine: 65-120cc Air-cooled 2-stroke Bar Length: 18-36" (45-90cm) Power: 5-8 HP 9000-12,000 RPM Weight: 12-22 lbs (5.5-10kg) Fuel: Gasoline/oil mix (50:1)		04		
7	Dart gun (Tranquillizer Gun) for Animals ANIMAL TRANQUILIZER GUN – KEY SPECS: Type: Pneumatic/CO₂-powered or powder-charge Range: 10–50 meters (varies by model) Caliber: .50–1.5" (darts) Dart Capacity: Single-shot or magazine-fed (2–5 darts) Safety: Manual safety, recoil pad Weight: 3–6 kg (lightweight alloy construction) Use: Wildlife sedation, veterinary, livestock management		02		

8	Fire Suits Fire Suits with complete set Material: Multi-layer Nomex®/Kevlar® with fire-resistant PBI coating Temperature Resistance: Up to 1,200°C (2,200°F) short-term exposure		09		
9	American Floating Flood Rafting Boats. 3 Layers of Rabbur American Floating Flood Rafting Boats without OBM with air filling machine & manual & electrical Construction: 3-layer reinforced PVC (1050D polyester mesh core) Capacity: 6–10 persons (varies by size) Dimensions: 3m–7m (L) 1.8m–2.5m (W) Weight: 80–180 kg (empty, depends on size) Air Filling System: Electric pump (12V/24V, 300–600 L/min) Manual pump (backup) Compliance: ISO 6185, CE certified		02		
10	Flash Lights Flash Lights (Water proof 200w) Power: 200W LED (20,000–30,000 lumens) Battery: Rechargeable Li-ion (4–8h runtime) Waterproof: IPX8 (submersible 2m) Durability: Military-grade aluminum (impact-resistant) Beam Distance: 800–1,200m Modes: High/Medium/Low/Strobe/SOS Charging: USB-C/Magnetic dock (fast charge)		18		
11	Extension heavy duty with 200 feet wire Wire Gauge: 10/3 or 12/3 AWG (copper) Voltage: 120V/15A (up to 1,800W) Jacket: UV-resistant, cold-weather rubber (-40°C to 90°C)		09		
12	Lifebuoy ring tube Material: High-density PE foam or inflatable PVC Diameter: 24"-30" (61-76cm) Weight Capacity: 100-200 kg Compliance: SOLAS/ISO 12402 certified Use: Marine safety, pools, emergency rescue		09		
13	Heavy lights torch Power: 100W–300W LED (10,000–25,000 lumens) Battery: Rechargeable Li-ion (4–10h runtime) Beam Distance: 500m–1km Durability: Military-grade aluminum (IP68 waterproof) Modes: High/Medium/Low/Strobe/SOS Charging: USB-C/Solar/Magnetic (varies by model) Weight: 0.8–1.5kg Use: Search & rescue, tactical, industrial		09		
	Total Cost per Kit				

7. LOT-07 ERT KITS FOR COMMUNITY

S. No.	Description	Unit	Qty	Unit Price	Total Price
1	Static Rope Diameter: 11mm Weight: 50g/m (5kg total for 100m) Tensile Strength: 33kN (3,300kg breaking load) Material: High-tenacity polyester/nylon (UIAA/CE certified) Elongation: <5% at 10% load (low-stretch)		15		
2	Dynamic Rope Type: Single rope (EN 892 / UIAA certified) Diameter: 11mm Weight: 50g/m (5kg total) Tensile Strength: 33kN (3,365kgf) Dynamic Elongation: ≤40% (1st UIAA fall) Static Elongation: ≤10% (80kg load) Falls Held: ≥5 (UIAA test standard) Material: Polyamide core + braided sheath Treatment: Dry coating (water-repellent)		15		
3	Safety helmet Safety helmet red color (Red safety helmets typically adhere to standards like EN 397 (industrial) or EN 12492 (mountaineering), with some models offering compatibility with both via chin strap configuration) Standard: EN 397 (Industrial) / EN 12492 (Climbing) Material: HDPE or ABS shell (UV-resistant) Weight: 350–500g		15		
4	Figure of 8 with Ears The traditional figure of 8 abseil/lowering device has been improved with the addition of ears, to prevent accidental rolling of the rope into a locked position. Due to the rope twisting, it is not recommended for use with rope that comes straight out of a bag. We strongly recommend that the Figure of 8 is used with a safety back up, for example a Rocker, or a Prussic loop. Specifications: Rope size: 9 – 13mm diameter. Weight: 200g Material: Forged aluminum alloy (anodized) Weight: 150–200g Max Load: 20–30kN Rope Compatibility: 8–11mm diameter		15		
5	Megaphone Power: 25W LED (2,500–3,000 lumens) Power Options: Battery: Li-ion (3–5h runtime, 4,000mAh) External: 12V DC input (vehicle/cigarette lighter) Housing: Steel casing (IP65 waterproof) Mounting: Magnetic base + hanging hook Beam Angle: 120° wide flood Weight: 800g–1kg Use: Automotive, construction, emergency		15		
6	Single Pulley		30		

	ISC RP066 Aluminium Single Pulley Large (Aluminium Weight 0.28 LB) Material: 7075-T6 aluminum (anodized) Weight: 0.28 lb (127g) Sheave Diameter: 44mm (smooth rotation) Max Load: 36kN (8,000 lbf) Rope Compatibility: 8–13mm				
7	Double Pully (Aluminium Weight 0.7 LB) The TANDEM has aluminium sheaves mounted on self-lubricating bushings for efficiency. The TANDEM SPEED has stainless steel sheaves mounted on sealed ball bearings and is designed for cable or rope. They both accept up to three carabiners to facilitate maneuvers		30		
8	Full Body harness Webbing Material: 1500D Polyester Yarn Standard: CE PSB EN361 CNS Feature: Double colors simple easy to put on, economic price with stable quality Weight: 150 kg		15		
Total Cost per Kit
